

Equipment List

“Mantz Automation has all of the latest equipment and the expertise to use it.”

- **21** CNC Vertical Machining centers (max travel Z=32” X=81” Y=37”)
- **4 Fidia** Five-Axis Machining centers (max travel Z=39” X=106” Y=43”)
- **5** CNC Horizontal Machining centers (max travel Z=43” X=78” Y=59”)
- **9** Toolmaker 2-axis CNC machines
- **13** CNC Mitsubishi EDM machines
- **15** Surface grinders with travels up to 80 inches
- **28** precision surface grinders and toolmaker milling machines
- Fully automated **robotic** electrode manufacturing system
- 100% in-house **Gun Drilling**
- 100% in-house **Polishing**
- 100% in-house **Design**
- **Mold sampling** available
- **Solid Works** design software
- **Pro-Engineer** design software
- Power Shape / Power mill CAM software

“We can import any file from any software.”
